DTXr - Bug #7

Strange javascript error on init

09/02/2022 01:56 PM - Torbjorn Carlqvist Admin

Status:	Closed		**Start date:**	09/02/2022
Priority:	Urgent		**Due date:**	09/03/2022
Assignee:	Torbjorn Carlqvist Admin		**% Done:**	100%
Category:			**Estimated time:**	1.00 hour
Target version:	3.0.15			
Reported Version:	3.0.14			

Description

On some platforms, eg. Rpi3 and Rpi4 a strange behavior appears on startup. The JS code fails in a suncalc.js lib activation and strange characters are shown in log window.

History

#1 - 09/02/2022 01:57 PM - Torbjorn Carlqvist Admin

- Target version set to 3.0.15

#2 - 09/02/2022 02:02 PM - Torbjorn Carlqvist Admin

- Reported Version set to 3.0.14

#3 - 09/02/2022 04:18 PM - Torbjorn Carlqvist Admin

- Status changed from New to Closed

- % Done changed from 0 to 100

Backed one major version of GraalVM and that solved the issue.
